2020 Fall Hybrid Model and Online Classes Guide (Student)

General Rule

In order to offer classes in effective ways while complying with quarantine guidelines, Ewha Womans University offers classes as following:

| Theoretical & Theoretical/Practice Courses | Online Classes(whole semester) if more than 50 registered students Hybrid Model(On/Off) if less than 50 registered students | | | | |
|--|--|--|--|--|--|
| Lab Courses | Hybrid Model(On/Off) (Offline classes can be included depending on courses. See course syllabus.) | | | | |

Hybrid Model (On/Off)

- Offline classes are conducted in the classroom, and at the same time, online classes (real-time transmission, post-uploading of offline classes, etc.) are provided.
- Students can choose their own preferred class method, either offline or online, for each course and attend accordingly. (See page 2 for guidelines on how to choose class method.)
- There is no discrimination/penalty on attendance and grades between offline and online students.

Meaning of "50 Registered Students" for Theoretical & Theoretical/Practice Courses

1

2

Based on the total number of registered students after the course registration period.

Method of classes does not change even if the number of registered students changes after the registration confirmation and changing period.
Ex 1) Initially 49 registered students, Hybrid model → Changes to 55 students after changing period, still Hybrid model
Ex 2) Initially 55 registered students, Online class → Changes to 49 students after changing period, still online class

Change of Class Method for Theoretical & Theoretical/Practice Courses

Hybrid model includes both offline and online classes. However, if there is a specific method of class that both the professor and students prefer for better and effective learning, the method can be changed only when both the professor and students agree and is approved by the president of the college.

*However, only available within the limit of classroom capacity if changed to offline classes. Ex) All 30 students and professor both agrees to have class as following → Available Unify as either entire offline class or online class / Differ by weeks or dividing into first and second half of semester / Classes in groups / etc.

How to Choose Class Method (On/Off)

Students can choose their own preferred class method, either online or offline for hybrid model, via Eureka Portal. The menu will be opened after course registration period.

Note

- 1) Students <u>cannot</u> change the class method during the semester after the second (final) selection period. However, in case of inevitable situations (health reasons, etc.), one-time change is possible with the approval of the professor.
- 2) Classrooms can be relocated based on the number of registered students who have chosen [offline class] during the first selection period. Therefore, during the second selection period, the number of students who can choose [offline class] based on the final classroom capacity may be limited on first-come, first-served basis. Please understand that this is to consider the limited classroom capacity and stable quarantine. Ex) In case of chosen as following during the 1st selection period,

| Registration Limit | Registered | Offline | Online | Note |
|--------------------|------------|-------------|--------|----------------------------|
| 65 | 30 | 20 | 10 | Relocate to 60-person |
| | | | | classroom (more than twice |
| | | | | as 20) |

2nd Selection: Additional registration is available up to 65 (original registration limit). However, [Offline] is allowed to only 30 students (half of 60 students) on a firt-come, first-served basis. (The rest are assigned as [online]

* Details may vary depending on the COVID-19 situation. Confirmed information will be posted when registration system is opened.
